

# COMPETITION & ANTITRUST

**BLP** is one of the few firms in Central America with a legal team specifically dedicated to the practice area of Competition & Antitrust. Our overall knowledge of the field, combined with incomparable experience, has enabled us to lead the region in this highly technical discipline.

Our unique combination of privately-trained lawyers and former government regulators offers our clients broad-scope advice ranging from specific transactions to complex regulatory matters, with a deep understanding of the issues involved.

## SERVICES

- Design and implementation of audits and preventive programs, to guarantee compliance with antitrust legislation.
- Advice and representation in processes of prior notification of M&A before competition authorities.
- Advocacy in administrative and judicial litigation.
- Representation and counsel in investigations and proceedings related to anti-competitive practices and agreements.
- Recommendation to governments, authorities, and NGOs in the preparation of guidelines, policies and regulations.
