Mariana is a BLP Associate based in Nicaragua. She specializes in the practices of Intellectual Property, Sanitary Registration of Products and Cybersecurity & Data Protection.

In Intellectual Property, she advises companies on all aspects related to the registration, protection, and defense of their intellectual property rights. Likewise, she supports the management and management of a portfolio of more than 1,200 brands for international clients, among which are Fortune 500 companies.

She has experience in coordinating Trademark Registries of products of international companies that operate in Central America. She has also advised on the coordination of global sanitary registries for a leading company in the tobacco sector in Nicaragua.

She has assisted international companies in reviewing and drafting privacy policies and terms of use for their implementation in the country.

She joined the BLP team as a paralegal in 2020, being named an associate in 2021.
